Forever in our hearts...

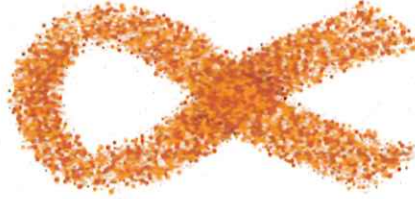

Harold L. Dorzweiler & Larry A. Dreiling were loving husbands, fathers, and grandfathers. They each enjoyed working outside and were proud to live in this area.

During their battles with cancer both Harold and Larry frequently traveled to KU Medical Center for treatment. While there, we witnessed the great need for those who could not afford lodging, fuel, or even loss of their job. Harold said we should try to help them in some way. On September 23rd, 2010 he empowered us to do what he wanted. This fund was set up to honor Harold's memory and give other families the chance to spend the time they have focused on each other. Larry was added after his passing in 2021. We miss them both dearly.

Much Love,
The family of Harold Dorzweiler & Larry Dreiling
